***Technical Leadership Nomination:**

Jon Sindt

**** Evaluator Shout-Out**

Grace Killeen

Michael Chermak

Abby Nuehring

*This student has been nominated for a Spotlight Technical Leadership honor. In order to complete the assessment we need to see their prompt book or designs. They should not do any extra work here but simply send in what they have already created for the show.

**Shout-Outs are a new distinction that has emerged to give recognition to those students who caught the attention of the evaluators. It is not an honor that results in a performance at Showcase but we want to recognize all performers that are doing standout work. This is one more way we can spread the well-deserved encouragement but still keep the honors consistent and of value.
